PHYSIC' INNOVATIONS TO EARLY MUSIC III - INTRODUCTION

Handwritten musical notation on a grand staff (treble and bass clefs). The notation includes various chords and melodic lines with annotations:

- Measure 1: Treble clef has notes G#4, A#4, B4. Bass clef has notes G2, B1, D2. Annotations: $3-7: 2, 5, 7$ above the treble staff; $3-11$ and $3-12$ above the treble staff; $6-34$ below the bass staff.
- Measure 2: Treble clef has notes B4, C5, D5. Bass clef has notes E2, G2, B2. Annotations: $4-24$ above the treble staff; $3-8$ below the bass staff.
- Measure 3: Treble clef has notes E5, F5, G5. Bass clef has notes A2, C3, E3. Annotations: $4-27$ above the treble staff; $5-238$ below the bass staff.
- Measure 4: Treble clef has notes A5, B5, C6. Bass clef has notes D3, F3, A3. Annotations: $4-22$ above the treble staff; $4-229$ above the treble staff; $4-229$ above the treble staff; $m.7$ above the treble staff.

Handwritten musical notation on a grand staff, continuing from the previous system. It features a large bracketed section with annotations:

- Measure 5: Treble clef has notes D5, E5, F5. Bass clef has notes G3, B3, D4. Annotations: $4-22$ above the treble staff; $4-24$ above the treble staff; $3-2$ to the right of the treble staff.
- Measure 6: Treble clef has notes G5, A5, B5. Bass clef has notes C4, E4, G4. Annotations: $4-22$ above the treble staff; $4-24$ above the treble staff; $3-2$ to the right of the treble staff.

Additional annotations include:

- $Tristan!$ written above the first measure of this system.
- $Trichords at End$ written below the second measure of this system.
- $Boundary$ and $pc6$ of opening top voice $3-2$ written below the first measure of this system.
- $3-2$ written to the right of the second measure of this system.
- $3-2$ etc. written to the right of the first measure of the next system.

System 1 of a musical score, consisting of four staves. The top two staves are in treble clef, and the bottom two are in bass clef. The music is in common time (C) and features a key signature of one sharp (F#). The first staff contains a melodic line with eighth and sixteenth notes. The second staff contains a similar melodic line with some chords. The third staff contains a bass line with eighth and sixteenth notes. The fourth staff contains a bass line with a few notes and rests. The system concludes with a double bar line and a repeat sign.

System 2 of a musical score, consisting of four staves. The top two staves are in treble clef, and the bottom two are in bass clef. The music is in common time (C) and features a key signature of one sharp (F#). The first staff contains a melodic line with eighth and sixteenth notes. The second staff contains a similar melodic line with some chords. The third staff contains a bass line with eighth and sixteenth notes. The fourth staff contains a bass line with a few notes and rests. The system concludes with a double bar line and a repeat sign.

Determinants of Linear Modes:

- ① Rhythm & Placement: head notes of four-eighths figures
- ② Register

Comments:
The first two
measures of the
introduction are
the same as in the
first movement.

Use as example of rhythm to pitch analysis

Bartok

Introduzione to First Quartet, Movement III

In Vn. 1

A structural distinction among the unfolding sets at the opening (trichords) is made unequivocally by the components of the rhythmic pattern:*

~~The 3-8s are carried by~~

The interlocking 3-8s are carried by  and 

At the midpoint (on C#) the same rhythmic elements carry 3-7.

See the musical illustration. [The rhythmic pattern a relates to significant trichords in the remaining voices, Vn.2 and Va.] This is a particularly simple and beautiful example of the interaction of pitch and rhythmic structures. The significance of the two trichords is demonstrated throughout the Introduzione, most emphatically in the "development" section that begins in m. 14, where rhythmic patterns support both long and short-range set structures. See the musical example.

The head notes of the pattern  form set 3-7 twice: [6,9,11]

and [8,11,1]. Attached to these configurations are the secondary sets indicated on the example. These are all trichords which are components of the A section of the Introduzione (mm. 1-6) or the A' section (mm. 9-13). The rhythmic patterns and melodic contours of this extended "development" are derived from the transition between A and A' (mm. 7-8). The drive toward C#² as a goal has to do with the axial function of that pc in the Introduzione.

*This example also demonstrates the way in which the composer articulates pc sets that are formed by non-contiguous elements

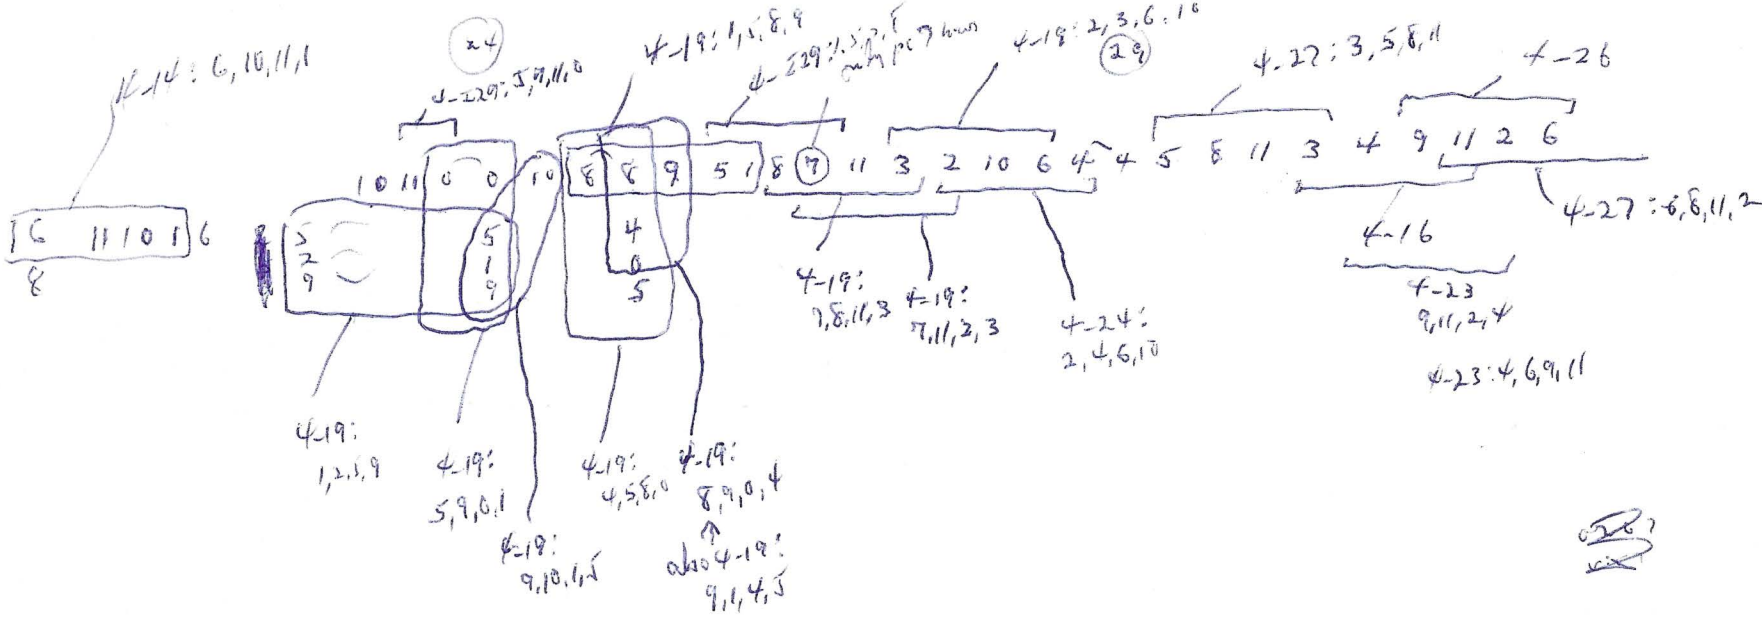

Bartok, Introduzione to First Quartet, Mvt. 3
 Pc set counterpoint of voices at the opening.
